

Environment, Occupational Health and Safety Policy

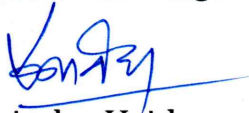

Tsubaki Conveyor Systems India Pvt. Ltd. is committed to develop, maintain and continually improve Occupational Health, Safety & Environment Management Systems to enhance environmental & OHS performance.

We treat 'Environment' & 'Safety' as an integral part of our business activities. We recognise people as the most important asset and commit to provide a Safe, Healthy and Pollution free working environment for those who are working in the premises/precincts, visiting our operation/premises as business associates and common visitors as well.

In our operations, we are committed:

- To protect the environment and prevent pollution in our manufacturing activities.
- To prevent Injury, Occupational Ill Health of all the employees/contractors & visitors.
- To eliminate hazards and reduce OH&S risks.
- To comply with legal and other requirements.
- To recycle and reuse of waste where ever possible.
- To increase awareness of EHS and seeking consultation, participation of employees/subcontractor on matters related to EOHS implementation.
- To Provide and maintain Equipments and Systems of work, which as far as reasonably practicable and encompassing all available knowledge and information, are safe and without risk to health of employees.
- To Operate and maintain plants within the designated Safety, Occupational Health & Environmental criteria throughout their working life.

This policy will be reviewed from time to time and implemented by setting appropriate objectives and targets.
